Clarke Clubs Plan Varied Activities For December Days

The Chicago Clarke club held its annual Communion breakfast Dec. 7, with Mass at Holy Name Cathedral and breakfast at the Seneca hotel. Speaker at the breakfast was the Rev. James J. Kilgallon of St. Gertrude's parish.

Sister Mary Matilde, BVM, and Sister Mary Philippa, BVM, represented the Clarke faculty. Special guest of honor was Margaret Rose Pohlman, national alumnae president.

Betty Powers Genoar is the president of the Chicago club.

Patricia Graney is chairman of the Christmas tea which Des Moines alumnae are planning for present Clarkites and prospective students in the Des Moines area. Only tentative plans have been made to date.

Sister Mary Anne Leone, BVM, Clarke president, addressed Quad-City alumnae and prospective students at a tea Dec. 6 at the home of Theo Schmid Rock in Davenport. Hostesses were Mary Meyers Imhoff and Mary McGovern, president of the Quad-City Clarke club.

Message of the New President

Dear Fellow Alumnae:

The inspiration drawn from the Homecoming program, the happiness of meeting again with college friends will be to me, as your president, an enduring source of encouragement. Our Alumnae association has much work ahead. I promise that I shall work with your help to keep our association on an equal pace with our college. In view of the notable progress of Clarke, particularly in recent years, this involves a challenge to our best concerted thinking and action. I am encouraged, however, as I realize from my long personal association with Clarke how blessed we are in an unsurpassed faculty, a tireless Sister coordinator, and nearly 4,000 loyal alumnae all over the country.

As president I am further encouraged by the splendid Executive Board with whom I shall work. But, a sad note resounds. The retiring past presidents I shall miss on the board. However, almost a lifetime is a long service to expect from anyone, and as our unselfish past presidents relinquish their quiet assumption of tedious duties, but not their interest in the Alumnae, the gratitude and affectionate prayers of our alumnae accompany them.

It is with a good deal of trepidation that I approach the following subject. The alumnae project for the next two years is the raising of \$10,000 to go towards equipment for the proposed new library. Increased reading room facilities and provided space for the growing book collection are badly in need. Exerted effort and organized assistance will be asked from every alumnae so that we will reach our goal together. Perhaps you would like to start the kick-off by sending in your personal contribution right now to our alumnae coordinator, Sister Mary Matilde, Clarke College. Donations of any size are welcome.

Not too much importance can be placed on the Clarke Clubs. These Clubs not only further the work of, and give organized strength to the association but give alumnae members a social outlet and the opportunity for renewing the fellowship of college days. It is the wish of your president that many new Clarke Clubs will come into being within the next two years.

Remember, the president of the Alumnae is president for you. If there are any problems, please let me know. This will enable us mutually to give our best efforts to the undertakings of the Clarke College Alumnae association.

Sincerely yours,

Margaret Rose Pohlman

National President, Clarke College Alumnae Association

Questionnaire Survey Gives Favorable Report on Alumnae

by Helen Joslin, '52

Frances Mitchell Miller's careful study of the returns on the Alumnae questionnaire issued a year ago is highly revelatory. Of the 2300 questionnaires mailed, 342 were returned before the deadline, 23 more too late for classification.

The majority of Clarke graduates are homemakers. 56% of those answering the questionnaire were married, 31% single, 13% members of religious congregations. Of the entire alumnae group, however, 64% are married—12% more than the Time survey indicated as average for graduates of women's colleges.

Education Meets Needs

The education received at Clarke seems in general to have met both personal and professional needs. 85% of the answerers were gainfully employed after leaving Clarke, 61% of those who married being so employed up to five years after leaving school. Of the employed, 89% were working in fields for which their Clarke education had prepared them. 66% of the married alumnae felt that their Clarke training prepared them adequately for their task of homemaking; others indicated that additional preparation would be valuable, but only 7% stated that they felt inadequately prepared.

Clarke alumnae are active in the communities in which they live. 91% report that they participate in some civic, religious, cultural, or social organization in their community, 34% in three or four such organizations, and 19% in five or more. 98% feel that Clarke has prepared them to take part in such activities.

Only 39% of those answering had

suggestions for the college, and many of these suggestions referred to changes which had already been made. Only 56% of alumnae who held free tuition scholarships while at Clarke felt a responsibility for subsequent financial help to the college. And only 33% had any suggestions about the Alumnae association. These data indicate that even our most interested alumnae are not so aware of the needs and activities of the college as they might be.

More regular attendance at reunions—49% of the answerers indicate that they never attend—is one answer to the problem of how to keep alumnae posted. More faithful payment of dues is another answer. Only 60% of the answerers pay their dues regularly, though 97% are interested enough in Clarke activities to wish to remain on the mailing list.

Alumnae May Visit

Third way for alumnae to keep in touch with the school is through visits to faculty members, and through correspondence with them. 46% of the alumnae who answered have maintained contact with several faculty members since leaving school, 37% with one, 10% with many, and 7% with none.

A further means of maintaining contact with Clarke is through the organization and maintenance of local Clarke clubs. Of the 50% who live in communities where a local club is in operation, only a little more than half belong; 50% of the answerers come from areas in which there is no club. One of the most gratifying results of the 1952 reunion is the inauguration of a number of new Clarke Clubs, to which Alumnae are urged to affiliate.

Faculty Express Belief

It is the confident belief of the Clarke faculty and of the Alumnae officers that the more closely our alumnae keep in touch with the activities and aims of Clarke the prouder they will be to own it as their college. It is our further conviction that such alumnae will be glad to help further the work of their college through interest in her endeavors, financial assistance, favorable publicity, and prayers. Clarke College needs her alumnae, and her alumnae need Clarke.

Snow Introduces Wintertime Sports

Clarkites can have "snow fun"—and "snow wonder"—by taking advantage of winter sports facilities during the coming months.

Toboggans are available for those hearty enough to enjoy some time "next to nature" on back-campus. Ice skating enthusiasts will find Mrs. Wilbur Dalzell of the physical education department, a willing source of information on Dubuque sports opportunities.

Indoor sports to anticipate are basketball, badminton and ping-pong. The bowling league will continue its activities throughout the winter. Sports participation is open to everyone.

Sophs Participate In NFCCS Panel

Mary Ann Huber and Joan Madden, Clarke sophomores, were among the speakers at the Mariology workshop at Loras last weekend. Sponsored by NFCCS, the group of representatives from the five schools of the Iowa region discussed the Blessed Virgin as the mediatrix of all graces.

Miss Huber represented Clarke in the morning panel, speaking of "Mary's Role in Faith." Miss Madden's topic was "Mary in Life." Representing Clarke at the afternoon functional workshop was Hettie Gilmore, campus Mariology chairman.

The Liturgy commission of NFCCS also met at Loras last weekend. Jane Calkins, campus Liturgy chairman, represented Clarke at this session. Theme of the meeting was "The Practice of the Liturgy in College Life."

Registrar Reports First Dean's List

Grade point averages of 3.4 or over brought 14 students positions on the dean's list for the first quarter. Marion Lifka, freshman English major from St. Mary's high school in Chicago, headed the list with an average of 3.94.

Jane Calkins, Ottumwa, history, 3.71, led the seniors on the list. Others were Peggy Hurneston, Albia, biology, 3.56; Marjorie Costello, Peoria, Ill., drama, 3.46, and Rosalie Sullivan, Chicago, chemistry, 3.4.

Juniors on the dean's list were Ann O'Hara, Hazelcrest, Ill., sociology, 3.78, and Bertha Fox, New Haven, music and English, 3.53.

Sophomores with top scholastic averages were Mary Ann Huber, Monroe, Wis., music, 3.65; Mary Jo Howerter, Des Moines, biology, 3.63; Lois Wissel, Dubuque, history, 3.50, and Joan Madden, Milwaukee, English, 3.47.

Freshman honor students in addition to Miss Lifka were Geraldine Rogalski, Chicago, biology, 3.76; Geraldine Ryan, Dubuque, Spanish, 3.71, and Patricia Willging, Dubuque, biology, 3.59.

Seniors Here Hostess Loras Seniors at Social

Santa Claus attended the Yuletide social, when Clarke seniors entertained their fellow classmen from Loras in the MFCH activity room Dec. 12.

Entertainment consisted of Christmas caroling and games. Admission fee for each person was a gift for an orphan. Patricia Guay, senior class president, supervised the affair.

—as the editor sees it . . .

it happens here

let's face it . . .

maybe it's a crime to look as if you've left some place in a hurry, but Benny Coogan felt like a condemned woman when two policemen stopped her as she was about to board a bus for home. Seems the officers were sleuthing for a run-away and thought the suspicious looking Benny might be the object of their search.

another arresting situation . . .
